My Health Record Community Information Session

You are invited to attend a FREE information session to learn about the benefits of My Health Record. This will help you decide if you wish to 'opt out' or stay in and exercise consumer control on who sees your medical information.

On Thursday 31 January 2019 every Australian will have a digital My Health Record, unless they actively choose to 'opt out' before that date. (You can cancel or create a record at any time).

Don't miss this opportunity to find out all you need to know about My Health Record.
