Professor Colleen Hayward AM, Chair of the **Alcohol and Other Drug Advisory Board**, and Barry MacKinnon AM, Chair of the **Mental Health Advisory Council**, cordially invite you to attend the Compulsory Alcohol and Other Drug Treatment Forum.

The Forum is an opportunity for attendees to increase their understanding of, and provide their views on, the development and implementation of a compulsory alcohol and other drug treatment trial in Western Australia.

Discussion and feedback at the forum will inform the development of the Alcohol and Other Drug Advisory Board and Mental Health Advisory Council's formal submissions to the Mental Health Commission of Western Australia.

We hope you can join us. Places are limited, so please click on the link to register your attendance.

Please share this invitation among your networks.

Facilities and hosting provided by the Western Australian Network of Alcohol & other Drug Agencies (WANADA).

*WANADA is the peak body for the not for profit alcohol and other drug sector in Western Australia. WANADA's purpose is to lead a shared voice within the specialised alcohol and other drug sector that drives positive change.*
